

HOME IS WHERE THE HEART IS

A man with short brown hair and sunglasses, wearing an orange and white jacket, stands with his back to the camera, looking out over a scenic landscape. In the foreground, there are some trees with autumn-colored leaves. In the background, a calm lake reflects the surrounding mountains under a soft, hazy sky.

WHY HEARTRIDGE?

At Heartridge, we believe beautiful floors are the heart of any home.

Part of the Dunlop Flooring group, leaders in the underlay industry for over 50 years, flooring has always been our passion.

Inspired by nature, we carefully craft our products using innovative technology to preserve the incomparable beauty of real timber. Our precise approach ensures you can enjoy a home enriched with the natural aspect of timber with a range of options to suit any decor or design style.

Heartridge floors are subject to stringent testing and certification throughout the manufacturing process, guaranteeing each and every product surpasses industry requirements for exceptional quality and performance.

Available in Engineered Timber, Hybrid Plank, Luxury Vinyl Plank and Vinyl Plank, Heartridge is the perfect flooring option to make your space a place to come home to.

A REFINED TOUCH

All Heartridge floors are crafted to reflect the true beauty of timber. The intricate details of the timber grain, colouration and finishing of each plank will ensure your floors are the highlight to any room.

THE HEARTRIDGE ADVANTAGE

CONSTRUCTION

RESIDENTIAL

20 YEAR
SURFACE GUARANTEE

With proper care and maintenance, your Heartridge floor will retain its strength and beauty for many years to come. This quality is reflected in our 20 Year Residential Surface finish guarantee.

UV MATTE FINISH

UV
MATTE

All Engineered hardwood planks are coated with a UV matte finish to preserve their natural look, and to minimise the visibility of scratches.

TONGUE & GROOVE
INSTALLATION SYSTEM

Equipped with a tongue and groove join for a secure and reliable installation.

DISTRESSED
BEVELLED EDGE

Vintage Oak planks are inspired by the rugged nature of timber, and are separated by a random and distressed bevelled edge to add a natural finish.

MICRO-BEVELLED EDGE

Woodland Oak and Rustic Oak planks are separated by a micro bevelled edge to add a genuine and natural appearance to the finished floor.

LOW MAINTENANCE

To maintain your hardwood floors, simply wipe them with a damp, or dry, cloth to keep them looking brand new and your home beautiful.

GENTLER ON THE
ENVIRONMENT

We have gone to great lengths to ensure that our supply partners comply with international standards of legal and sustainable logging, through the provision of Chain of Custody documentation and Harvest/Transport Certificates for every single batch of product that we sell.

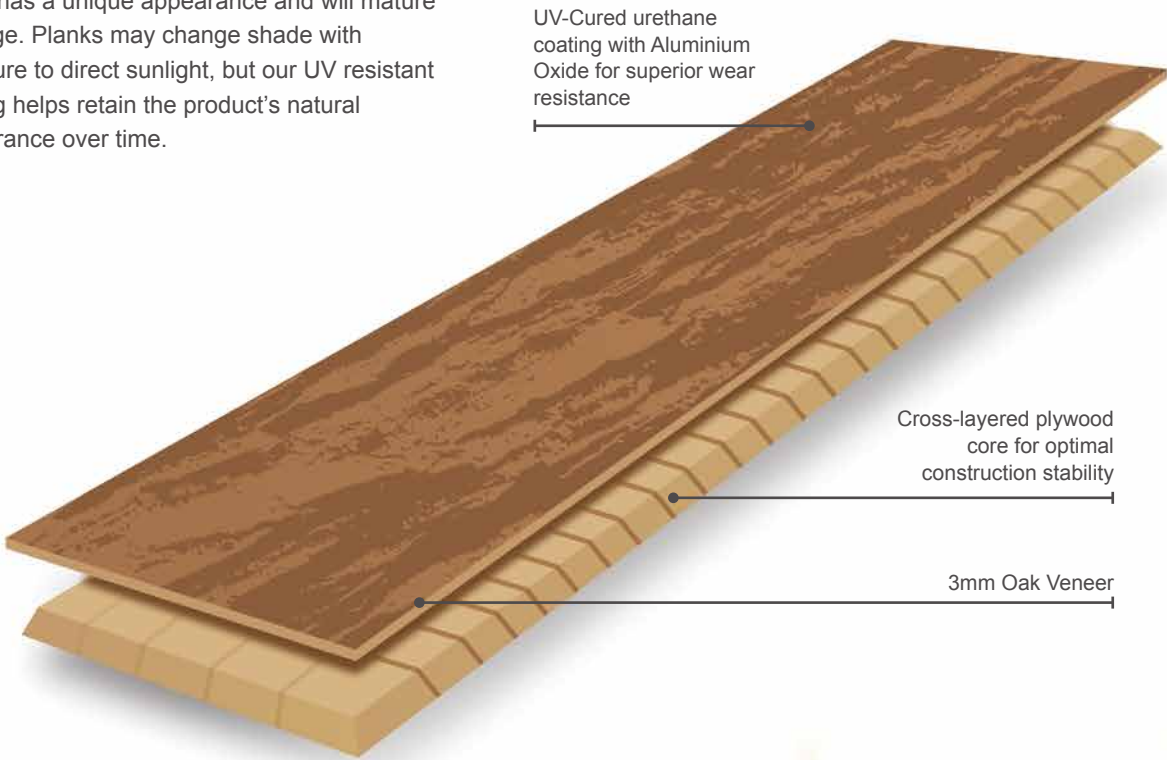

This way, we can feel confident that all Heartridge hardwood and laminate flooring has been sourced from sustainable forests, and our customers can share in this confidence.

TIMBER TECHNOLOGY

Built for strength and durability using a multilayered construction technology, all Heartridge Engineered Timber flooring is backed by our lifetime structural guarantee.

Timber flooring is a natural product so every board has a unique appearance and will mature with age. Planks may change shade with exposure to direct sunlight, but our UV resistant coating helps retain the product's natural appearance over time.

Heartridge ensures your floors will remain beautiful for many years to come, always making your space a place to come home to.

WITH HEARTRIDGE ENGINEERED
TIMBER FLOORING, YOU CAN
